

955- PHrD p 5
HARRY F. BRISCOE

August 16, 1926

Architect. Chief Draftsman for Flag & Stage,
Jersey City.

TESTIFIED (Pages 123 et seq):

He visited De Russeys Lane Saturday, August, 14, 1926, made a map showing two cedar saplings about eight feet high on the northwest side of De Russeys Lane near a cedar stump at a break in a hedge of lilac bushes, shrubbery and small trees. (133-4)

He also made a map of the Hall property on the same. Did not know the Hall property had been remodelled (139).

Testimony meaningless without his maps.

Gave speedometer distance from Hall house to St. John's Church as $3/10$ of a mile and distance from crab apple tree to Gibson house, via Phillips Lane, De Russeys Lane, Hamilton Street, and into Gibson's as one mile and $8/10$ (137).
